G O S T

**Tell us a bit about yourself** I'm a Canberra-based creative working across disciplines, including screen-printing, textiles and photography. Most recently, I'm exploring writing for children and am working on several picture book manuscripts.

**How did you first get into Art?** I've been making, drawing, stitching and story-telling since I was a small child.

**What is it that you love about the concept of small?** Isn't everything cuter when it's small!? There's something really special about an object that you can hold in the palm of your hand, or an artwork that invites up-close inspection.

**Your Happy Birthday message to GOST** Wishing dear GOST the happiest of birthdays! Looking forward to celebrating many, many more!

**What are your future plans** With COVID-19 limiting access to studios and equipment for screenprinting, my creative practice shifted to processes like stitching and writing, things that I could do from home. Hopefully there will be a published picture book in my future!
